2018 COROLLA

TOYOTA

IMPRESSIVE
NO MATTER HOW YOU LOOK AT IT

THE GREATEST COROLLA EVER? YES, AND YES.

Corolla has been a favourite of Canadian drivers for decades, and that history is destined to repeat with the 2018 Corolla. It features a stylish front end and a premium interior that blends high tech with high style. And now there's even more to love with the Corolla iM. A sport hatchback that offers the versatility and performance you crave in one incredibly stylish package. Both models offer standard cutting edge safety innovations, dynamic handling, and remarkable fuel efficiency to ensure that every ride is as memorable as the last. The 2018 Corolla and Corolla iM – driving never felt so right.

Corolla LE with Upgrade Package shown in Falcon Grey Metallic. Corolla SE with XSE Package shown in Barcelona Red Metallic.

THE COROLLA iM

WITH ALL THE FUN AND STYLE WE COULD FIT

Corolla iM shown in Electric Storm Blue.

STYLE BALANCED WITH SUBSTANCE

Corolla SE with Upgrade Package shown in Blue Crush Metallic.

WE NEVER STOP FINDING WAYS TO MAKE YOU STOP AND STARE.

You may appreciate the Corolla for all of the smart, functional benefits it offers, but you're going to love it for how it looks and how it makes you feel. The 2018 Corolla features a sleek, aerodynamic design, set off by a distinctive front end. Not to be outdone, the Corolla iM is packed with exciting features that show off this hatchback's fun, sporty side, including a black honeycomb grille, rear spoiler, and chrome-tipped exhaust. Both models feature an elevated style that is something that simply can't be ignored. Didn't expect all this from Corolla? That's okay ... because Corolla has been built to surprise and delight at every turn.

COMFORT

MADE FOR HOW YOU MOVE AND WHEREVER YOU WANT TO GO.

Corolla is the place where comfort, style, and inspiration meet. Inside the premium interior, you are surrounded by soothing materials and smart finishes. The interior comfortably fits five of your friends, with plenty of rear legroom to spare. Not to mention the versatility to handle whatever your big life has in store. And this is even doubly true with the Corolla iM, with a rear hatch that reveals a spacious cargo, which means you won't have to sacrifice fun for practicality.

AVAILABLE FEATURES

- Power Slide/Tilt Moonroof
- Heated Steering Wheel
- Leather-Wrapped Steering Wheel
- Automatic Climate Control
- Front Sport Seats
- Heated Driver & Front Passenger Seats
- 60/40 Split Rear Bench Seat w/Fold-Down Seat Back

PERFORMANCE THAT THRILLS

DYNAMIC FEATURES THAT BRING EXCITEMENT TO EVERY DRIVE.

The Corolla SE and XSE models are made for those who live life in the fast lane. It features performance-inspired touches like a contoured steering wheel, front sport seats, and a rear spoiler that show off its athletic side to perfection. Couple that with the CVTi-S transmission for improved fuel efficiency, and you'll agree that this total package is the kind of performance that you'll feel even when you're in park.

SPORT GAUGE CLUSTER WITH COLOUR MID The available sport gauge cluster amplifies your drive with an illuminated speedometer and tachometer. And with the colour Multi-Information Display, you can see your fuel consumption, current song selection and more — all at a glance.

PADDLE SHIFTERS Available paddle shifters let you shift gears without letting go of the wheel. Just a light touch on either lever gives you lightning-fast gear changes, putting you in total control.

SPORT MODE With the push of a button, the available Sport Mode turns up the excitement with CVTi-S transmission. Once enabled, the Engine Control Unit and simulated shift points are changed to enable a sportier feel.

Corolla SE with Upgrade Package shown in Blue Crush Metallic.

FUEL EFFICIENCY BY DESIGN

MAKE THE MOST OF LIFE, ONE KM AT A TIME.

The future of mobility needs to be efficient. As always, Toyota makes fuel efficiency a priority with the 2018 Corolla. Its streamlined exterior includes aero-stabilizing fins and a sleek finely tuned underbody that help to enhance handling and improve fuel efficiency. The Corolla LE ECO also offers Valvematic technology, matched with a Continuously Variable Transmission with intelligence and Shift mode, low rolling resistance tires, and a whole lot more to help you take advantage of every single kilometre. Sustainability, through smart, innovative design – just another way the Corolla will take you farther.

CONTINUOUSLY VARIABLE TRANSMISSION WITH INTELLIGENCE AND SHIFT MODE (CVTi-S) Corolla's CVTi-S features several enhancements to improve its efficiency and help create a driving sensation more similar to a traditional hydraulic automatic transmission. Toyota engineers have incorporated simulated shift points into acceleration and deceleration curves to help create a sense of positive shift engagement and engine response.

ECO DRIVING MODE The ECO Mode button available on Corolla LE ECO eases the gas pedal output and adjusts the air conditioning for enhanced fuel efficiency. Now you can go the distance for a long, long time.

Corolla iM shown in Classic Silver Metallic. Corolla SE with XSE Package shown in Barcelona Red Metallic.

SAFETY
SHOULD NEVER BE AN OPTION

COROLLA (TSS-P)[10]

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION[11] Provides collision avoidance or collision mitigation support in speed ranges where frontal collisions are likely to occur. In certain conditions, the Pre-Collision System with Pedestrian Detection (PCS w/PD) may also help to detect pedestrians and help prevent or mitigate a collision.

AUTOMATIC HIGH BEAMS[16] Designed to detect oncoming and preceding vehicles' lights and depending upon the circumstances, Automatic High Beams (AHB) can switch between high and low beams for you.

DYNAMIC RADAR CRUISE CONTROL[15] Using forward sensing radar technology, the system can automatically adjust vehicle speed to help maintain a preset following distance between you and the vehicle directly in front of you.

LANE DEPARTURE ALERT WITH STEERING ASSIST[13] Alerts you if you start to drift out of your lane when visible lane markings are detected. The Steering Assist function may also provide small corrective steering inputs.

COROLLA iM (TSS-C)[10]

PRE-COLLISION SYSTEM[12] Provides collision avoidance or collision mitigation support in speed ranges where frontal collisions are likely to occur.

AUTOMATIC HIGH BEAMS[16] Designed to detect oncoming and preceding vehicles' lights and depending upon the circumstances, Automatic High Beams (AHB) can switch between high and low beams for you.

LANE DEPARTURE ALERT[14] Alerts you if you start to drift out of your lane when visible lane markings are detected.

Corolla iM shown in Blizzard Pearl.

WE ALL DESERVE TO
ARRIVE SAFE

At Toyota, we believe that no matter what the destination, everyone deserves to arrive safely. That's why we created Toyota Safety Sense™ (TSS)[10] – an advanced suite of innovative safety features designed to help protect drivers, passengers, pedestrians (TSS-P only) and people in other vehicles from harm. TSS is comprised of active features such as Pre-Collision System (PCS),[12] Lane Departure Alert (LDA)[14] and Automatic High Beams (AHB)[16] and are standard on virtually all models.* TSS represents the latest milestone in our long history of creating advancements and innovations in safety that have helped prevent crashes and protect people.

*By Autumn 2017

OUR TOP PRIORITY IS YOUR PEACE OF MIND

EVERY JOURNEY SHOULD BE A SAFE ONE.

Nothing is more important to us than your safety. That's why the 2018 Corolla and Corolla iM are equipped with cutting edge safety technology designed to help you avoid accidents before they happen and to protect you if a collision is unavoidable. And it's that dedication that makes Toyotas so dependable. In fact, over 80% of Corollas sold in Canada in the last 20 years are still on the road today.[17]

STANDARD FEATURES

Toyota Star Safety System™ includes Vehicle Stability Control,[7] Traction Control, Anti-Lock Brake System, Electronic Brake-Force Distribution, Brake Assist,[8] and Smart Stop Technology.[9]

8 Airbags[1] includes Dual-Stage Driver and Front Passenger Airbags, Driver's Knee Airbag, Front Seat-Mounted Side Airbags, Front and Rear Head/Side Curtain Airbags, Front Passenger Seat Cushion Airbag.

AVAILABLE FEATURES

Anchor Points for Child Restraint Seats

Driver & Front Passenger Whiplash-Injury-Lessening Seats

Child Protector Rear Door locks

 Corolla SE with XSE Package shown in Barcelona Red Metallic.

NEW VEHICLE WARRANTY SUMMARY

– No deductibles – no transfer fees

COMPREHENSIVE COVERAGE

3 YEARS OR 60,000 KM.

This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

POWERTRAIN COMPONENTS

5 YEARS OR 100,000 KM.

This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

MAJOR EMISSION CONTROL COMPONENTS

8 YEARS OR 130,000 KM.

This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

CORROSION PERFORATION

5 YEARS/UNLIMITED DISTANCE.

This warranty covers any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

TEST DRIVE AND EARN AEROPLAN® MILES TODAY

aeroplan

You can earn Aeroplan®[19] Miles when you purchase, test drive, or service your vehicle at a Toyota Dealership.

Speak to your Dealer for full details.

DISCLAIMERS

(**1**) All Toyota vehicles shown in this brochure have Supplemental Restraint Systems (SRS). For important safety information about the Supplemental Restraint System in a particular vehicle, please see the Owner's Manual or contact your local Toyota Dealer. (**2**) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors. (**3**) Do not use the hands-free phone system if it will distract you. A compatible Bluetooth®-enabled phone must first be paired. Phone performance depends upon software, coverage and carrier. (**4**) Driving while distracted can result in loss of vehicle control. Always drive safely, obey traffic laws and focus on the road and traffic conditions while driving. (**5**) Availability and accuracy of the information provided by the navigation system is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway; updates may be available at an additional cost from your Dealer. (**6**) Siri Eyes Free is a trademark of Apple Inc., registered in the US and other countries. (**7**) Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect VSC system effectiveness. (**8**) Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. (**9**) Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions, and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. (**10**) Drivers should always be responsible for their own safe driving. Please always pay attention to your surroundings and drive safely. Depending on the conditions of roads, vehicles, weather, etc., the TSS systems may not work as intended. (**11**) The TSS Pre-Collision System is designed to help avoid or reduce the impact speed and damage in certain frontal collisions only. The Pedestrian Detection system is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, driver input and weather, light and road conditions. (**12**) The TSS Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. (**13**) Lane Departure Alert with Steering Assist is designed to read lane markers under certain conditions and provide visual and audible alerts and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. (**14**) Lane Departure Alert is designed to read lane markers under certain conditions and provide visual and audible alerts when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. (**15**) Dynamic Radar Cruise Control is designed to assist the driver and is not a collision-avoidance system or a substitute for safe and attentive driving practices. System effectiveness depends on many factors such as weather, traffic and road conditions. (**16**) Automatic High Beam system operates at speeds above approximately 34 km/h. Factors such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn it off. (**17**) Based on IHS Automotive Canadian Vehicles in Operation and New Registrations MY 1997-2016 as of June 30, 2016. Actual longevity of any vehicle will vary based upon operating conditions. (**18**) HomeLink is a registered trademark of Johnson Controls. (**19**) ®Aeroplan and the Aeroplan logo are registered trademarks of Aimia Canada Inc.

Details on the above features can be found in the Owner's Manual or contact your local Toyota Dealer.

Toyota Canada Inc. Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure. Toyota Canada Inc. reserves the right to make these changes without notice or obligation. The Toyota website **toyota.ca** – or your Toyota Dealer is your best source for up-to-date information.
