SORENTO

A simple guide to help you decide

The Power to Surprise

Where

FAMILIES ADVENTURE

What do you need to take your appetite for adventure to the next level? Start with an active imagination – and a vehicle that can keep up with your unscripted itinerary. Factor in the gritty determination of standard Dynamax™ Intelligent All-Wheel Drive. And pack in the gear you need to live your life on the road, with available 7-passenger seating, a generous cargo capacity and plenty of flexibility for any combination of the two. Go for it all. In the 2020 Kia Sorento.

Because most of Canada is **OFF-ROAD**

Canada offers a virtually unlimited variety of terrain and weather. That's why Sorento features the assured traction of the standard Dynamax™ fully active, intelligent all-wheel drive. This advanced technology recognizes changing conditions and responds automatically with optimal traction distribution. It's Canada unlimited. In Sorento.

DYNAMAX

Dynamax™ Intelligent All-Wheel Drive (AWD) offers fully automatic torque distribution that proactively transfers torque for better traction during acceleration, cornering, or in low traction scenarios.

ADVANCED SMART CRUISE CONTROL^{1,2}

monitors the cars ahead of you, braking or accelerating to make sure that you're always at the right distance, at the right speed

REAR CROSS COLLISION AVOIDANCE ASSIST^{1,2}
