At each visit, we'll provide you with an exclusive Vehicle Health Check Report, which shows you the overall condition of your Mazda.

CLICK HERE FOR AN ENLARGED VERSION

The form is titled 'MAZDA VEHICLE HEALTH CHECK SERVICE CRAFTED BY MAZDA'. It includes fields for Customer Name, R.D. #, Service Advisor, VIN, License Plate #, Odometer, and Date. Below these are checkboxes for 'GOOD', 'FAIR', 'REPLACE', and 'CHECKED FOR FUTURE MAINTENANCE'. The main body of the form is divided into several sections: 'PERMITTED INSPECTION' (listing items like oil, filters, belts, etc.), 'VISUAL INSPECTION' (listing items like body, lights, etc.), 'BRAKE INSPECTION' (listing items like brake pads, rotors, etc.), 'TIRE INSPECTION' (listing items like tire pressure, tread, etc.), and 'FLUIDS' (listing items like engine oil, coolant, etc.). Each section has a corresponding diagram of the vehicle with colored dots indicating the location of the item. To the right of the inspection sections is a 'YOUR NEXT MAINTENANCE APPOINTMENT' section with fields for 'NEXT MAINTENANCE SERVICE', 'DEALER CODE', 'NEXT APPOINTMENT', 'DATE (MM/DD/YY)', and 'TIME'. Below this is a 'COMMENTS & RECOMMENDATIONS' section. At the bottom right, there is a 'MAZDA GENUINE' logo and a 'KEEPING THE EMOTION IN MOTION' tagline. The form also includes a 'TECHNICIAN' field and a 'MAZDA GENUINE' logo.

BOOK AN APPOINTMENT

Your Mazda Dealer will provide you with a completed service checklist on every maintenance visit. In addition, your Mazda will be road tested after any servicing relating to brakes, steering or driving performance, to help verify safe functioning. Information listed in this document is accurate at time of publication and is subject to change without notice. Ask your Mazda Dealer for more detailed information. This inspection list/schedule is intended as a guide only and should not be relied upon to ensure vehicle safety. See your Mazda dealer for full details, maintenance and inspection.

Inspect is defined as: inspect and clean, repair, adjust, fill up, or replace if necessary.

- <sup>\*1</sup> Use of FL-22 is recommended when replacing engine coolant. Using engine coolant other than FL-22 may cause serious damage to the engine and cooling system.
- <sup>\*2</sup> According to state/provincial and federal regulations, failure to perform maintenance on these items will not void your emissions warranties. However, Mazda recommends that all maintenance services be performed at the recommended time or mileage/kilometer period to ensure long-term reliability.
- <sup>\*3</sup> The Tire Pressure Monitoring System (TPMS) initialization must be performed so that the system operates normally (if equipped).
- <sup>\*4</sup> If this component has been submerged in water, the oil should be replaced.
- <sup>\*5</sup> Check the tire repair fluid expiration date every year when performing the periodic maintenance. Replace the tire repair fluid bottle with new one before the expiration date.
